

Marlborough Horseboxes

Additional Information

- Painting.** Vehicles are painted with metallic paint, in two colours of your choice, chosen from the current range of colours offered by Range Rover. We sign write "Horses" on the front and rear of the vehicle. Additional writing can be provided, if required, at cost, should you wish this to be done.
If you require the box painted in other colours or to a different design, we can arrange for this to be done and will let you know if there is any extra cost before painting.
- Price.** Prices quoted are ex factory at Preston. Road tax is not included. We will arrange for the box to be taxed before collection or delivery if asked.
- Delivery.** We can arrange delivery. This will include time spent with you explaining how the box operates. Fuel costs are calculated at 15p per mile. The labour cost is calculated at £12 per hour. We will quote you an exact delivery cost on request.
- Ordering.** We require a deposit of £1000, when ordering. If we do not have a suitable vehicle in stock, we will locate a vehicle to match your requirements. When we have your vehicle and begin making your box, we will invoice you for the cost of the chassis, and provide you with the vehicle documents. No further payment is required until the box is delivered.
- Warranty.** Our major parts warranty covers the engine, clutch, gearbox, drive shafts and brakes for a period of six months from the date of delivery. We must be informed of any warranty work required before remedial work is done. The box itself is warranted for 12 months. Our warranty does not include the cost of recovery, should you have a breakdown. Most insurance policies cover this expense and we recommend that you check on this matter with your insurance company.
- Keys.** Not all vehicles have two sets of ignition keys. We will inform you if the vehicle arrives with two sets. If it does not, and a second set is required we will obtain a second set on your behalf at cost. This is currently £125.00. We provide two sets of keys for the ramp, rear door and lockers.
- Servicing.** Vehicles fitted with 2.2CDI or 2.5 CDI engines, require an oil service every 18,000 and 25,000 miles respectively. A full service every 36,000 miles. The Timing and accessories belts, Brake Fluid, and Coolant need changing every 72,000 miles or 5 years.
Your box will be fully serviced before you receive it.
- MOT.** All vehicles will have a new 12 months MOT
- 3.9 tons Gross.** For a cost of £395. the box can be up rated to 3.9 tons Gross. This increases the carrying capacity by 400 Kilos to about 1.6 tons. This would then entail the annual Mot being done at a Goods Testing Station. It will also mean that anyone passing the driving test after January 1 1997, will not be able to drive unless they take and pass the C1 Driving test.
- Immobiliser** All vehicles are fitted with a key operated immobiliser. From late 2004 onwards they are fitted with a Thatcham One burglar alarm.
- Radio.** A modern Radio Cassette Player is fitted as standard. Alternatively a quality CD Player can be fitted at an extra cost of £75.00. 2004 vehicles have a CD player fitted as standard.
