The Marlborough MM Sport MK11

The Marlborough Sport is based on a 3.5 ton Renault Master or Vauxhall Movano chassis. All have a diesel engine, power steering, 5 speed gearbox, and easy to operate spring assisted ramp. It makes an ideal ladies box.

The horses travel rear facing. The very low floor gives a low centre of gravity and allows for easy loading. These features ensure an excellent travelling experience for the horse and their handler!

The Marlborough Sport carries two 16hh horses and has a carrying capacity of 1200 kilos (approx). It is possible to upgrade the vehicle to 3.9 tons (GVW) giving a loading capacity of 1600 kilos (approx).

Body

Steel with GRP roof. Insulated with 2 inch polystyrene foam. Internal walls lined with white faced GRP. A wide and very low ramp. Ramp is rubber faced. Two rear opening doors to grooms/luggage area. Two external tie rings.

Horse Area

Stainless steel full length padded partition with several stall widths available. Storage for partition to the offside to make mare and foal box. Jockey door to grooms/luggage area. Breast bar 4'6" high with solid bulkhead below. Heavy duty rubber floor mats over high quality aluminium floor with drainage holes. EVA rubber protection to vehicle sides to a height of 4'. Two tie rings and two haynet rings. Soft removable headboard fastened to central partition. Three opening glass windows. Two 4-way opening roof ventilators. Internal light over ramp.

Rear Compartment

GRP wheel boxes make occasional seating. Internal light. Rubber lined floor. Two saddle poles. Bridle rack.

Cab

Three seat cab. Sliding window to horse compartment. Radio cassette player with steering wheel finger tip controls. Remote door control key. Engine immobilizer. Spacious door pockets, coat hooks and lockable glove compartment. Toolkit.

Chassis & Engine

Renault Master or Vauxhall Movano 3.5 Tons gross vehicle weight. Can be uprated to 3.9 Tons to give larger carrying capacity.
